

COMPLETING THE POSITION REVIEW COMMITTEE APPROVAL FORM

The [Position Review Committee](#) will review all new and vacant faculty and staff postings in Stillwater. This will extend to temporary faculty positions and all staff promotional waivers that result in a vacant position being posted but does not include Agricultural Experiment Station and Extension faculty and staff positions. The committee will meet every two weeks beginning on July 1, 2025. To view Position Review meeting dates and deadlines, [please visit the HR website here](#).

To begin the process, a position description must be reviewed/created and approved. Login to talent.okstate.edu, navigate to Recruitment Administration, find the appropriate position description and select *Recruit for position* to raise the job card. Expand the left side of the card using the arrow pictured below. To expedite processing times, users may complete the job card and submit for approval simultaneously while the PRC approval form is pending review.
